

We have decided to add a "preferred vendor list" to our website. A Vendor Review list is being created to help identify reliable vendors to fix the common issues that we face every day in our homes. The list will be a great way to find companies who did a good job for your neighbors, and for you to share your positive experiences and recommendations.

If you wish to participate, you will need to complete the information below and email it to Robin Gallo at RobGal9@gmail.com. Robin will compile the information and send it along to our webmaster to put on our website. New recommendations may be added at any time in the future as well.
